

What We Teach

The CURE program includes an in depth analysis of the anatomy, physiology, pathology and pathophysiology of the human body and the application of ultrasound to aid physicians in the diagnosis of disease.

In your search for Ultrasound Schools, It is important that you are able to learn all aspects of ultrasound, not just general ultrasound. CURE teaches ALL specialties of ultrasound including:

General Ultrasound: Abdominal, Pelvic, Prostate, Thyroid, Scrotum, Breast.

Obstetric Ultrasound: 1st, 2nd & 3rd Trimester Ultrasound Including 3D/4D Ultrasound.

Vascular Ultrasound: Abdominal Vascular, Intracranial Cerebrovascular, Extracranial Cerebrovascular, Upper and Lower Peripheral Vascular.

Cardiac Ultrasound: Adult, Pediatric & Fetal Cardiac Ultrasound.

Musculoskeletal Ultrasound: Adult, Pediatric & Fetal Musculoskeletal Ultrasound.

Pediatric Ultrasound: Neurosonology (Infant & Neonatal Brain), Abdominal, Obstetrics & Gynecology, Small Parts (Breast, Thyroid, Scrotum), Gastrointestinal, Musculoskeletal, Vascular & Cardiac.

The CURE program includes Musculoskeletal, Gastrointestinal and Pediatric Ultrasound in our training, which makes CURE unique.

The education at CURE has been compared to the first two years of medical school. It's not an easy program, but it is worth it.

Is Diagnostic Medical Sonography For Me?

The Bureau of Labor Statistics Report demonstrates that Diagnostic Medical Sonographers earn an average of \$74,900 per year.

The US News & World Report Ranks Diagnostic Medical Sonography #33/100 Best Jobs in the United States and #6 in the Best Health Care Support Jobs.

About The Course

PROGRAM LENGTH

24 months

SCHEDULE

Lecture and Scan Lab occurs on Monday, Wednesday and Friday, 8:00am to 5:00pm. Clinical schedules may vary according to sites, but occur Monday through Saturday, 24 Hours Per Week Including CURE Laboratory Scanning.

START DATES

Contact CURE or visit www.cure.edu

APPLICATION DEADLINE

Ongoing

PREREQUISITES

High School Diploma or GED

ACCREDITATION & LICENSURE

CURE is institutionally accredited by the Accrediting Bureau of Health Education Schools (ABHES). CURE is licensed by the New York State Education Department (NYSED).

LOCATION

CURE is located in White Plains, New York, approximately 30 miles from New York City. Our facility is situated on a beautiful 39 acre campus equipped with a gym, basketball court, full service cafeteria, large classrooms

and laboratories, student lounge, library and much more.

PROGRAM COURSES

Ultrasound Physics & Instrumentation Applications Including Anatomy, Pathology, Physiology, Pathophysiology of Abdominal, Small Parts (Breast, Thyroid, Scrotum & Prostate), Oncology, Abdominal Vascular, Peripheral Vascular, Intracranial Cerebrovascular, Extracranial Cerebrovascular, Adult Cardiac, Pediatric Cardiac, Fetal Cardiac, Gastrointestinal, Adult, Pediatric & Infant Musculoskeletal, Neurosonology (Neonatal Brain) & Pediatrics.

CLINICAL AFFILIATIONS

During the CURE program, students attend clinical sites at hospitals, outpatient centers, doctor's offices and numerous other highly regarded medical facilities.

CURE MISSION

The CURE mission is to educate students through highly specialized diagnostic medical sonography, vascular technology and echocardiography programs utilizing extensive clinical laboratory training coupled with comprehensive didactic instruction and collaborative research projects in order to provide a vital service to the patient and to the physician by efficiently and accurately identifying disease.
